At Mount Bethel Poodles we love to see our poodles shown and for our excellent lines to carry on. We take the responsibility of breeding very seriously. If you would like to breed we can co-own your poodle until it has a title and has all it's health testing. We seek to improve the poodle breed in conformation, performance, and health. We believe breeding a poodle to any breed other than poodle to be contrary to good conscientious breeding practices. If you would like to breed poodles we can encourage and assist you in your endeavor as long as your practices align with these core values.
